Welocalize  
New York, New York

March 20, 2024

Dear Hiring Manager,

I am writing to express my interest in the Content Quality Intern position at Welocalize. With a strong academic background in Artificial Intelligence and hands-on experience in AI research and projects, I am excited about the opportunity to contribute to a global leader in multilingual content transformation.

During my tenure as an AI Research Assistant at LIU Brooklyn, I have honed my skills in data training, search quality rating, and AI tools. My projects, such as developing a Convolutional Neural Network in PyTorch and implementing computer vision solutions using TensorFlow, have equipped me with a solid foundation in evaluating and optimizing algorithms – a skill set directly relevant to assessing the quality and relevance of online advertisements as outlined in the job requirements.

Welocalize's commitment to quality and innovation resonates with my own values and aspirations. I am eager to collaborate with diverse teams, provide valuable feedback, and stay abreast of evolving evaluation methods, all while upholding the company's standards for content transformation across languages.

I am enthusiastic about the opportunity to leverage my passion for AI and language services within Welocalize's inclusive and dynamic environment. Thank you for considering my application.
