Five9 Inc.  
San Ramon, California

March 20, 2024

Dear Hiring Manager,

I am writing to express my strong interest in the Security Software Engineer Intern position at Five9. With a solid foundation in Artificial Intelligence and a passion for cutting-edge technologies, I am excited about the opportunity to contribute to your team and immerse myself in the dynamic environment of cloud contact center solutions.

Having orchestrated an AI Research Assistant and developed projects in machine learning and computer vision, I have honed my analytical skills and the ability to translate complex concepts into practical applications. The responsibilities outlined, especially building security testing automation and integrating security into product design align perfectly with my experiences and aspirations.

I am particularly drawn to Five9's team-first culture and commitment to diversity and innovation. The chance to work on impactful projects, collaborate with talented teams, and contribute to enhancing customer experience excites me.

Thank you for considering my application. I am eager to bring my skills in security testing automation and passion for technology to the Security Software Engineer Intern role at Five9. I look forward to the possibility of contributing to your team and learning from the best in the business.
