Roku
San Jose, California

March 20, 2024

Dear Hiring Manager,

I am writing to express my enthusiasm for the opportunity to join Roku, the leading TV streaming platform that is revolutionizing how the world watches TV. My academic background in computer science, coupled with my hands-on experience in Python, Linux, and cloud infrastructure, aligns well with the requirements for the position at Roku.

I have undertaken projects, such as optimizing algorithms and modeling for infrastructure, which have honed my ability to translate complex concepts into practical solutions. The role at Roku, focusing on building tools and metrics for cloud-based developer workstations, presents an exciting opportunity for me to contribute to cutting-edge systems and tools in a dynamic environment.

My experience with data processing using Pandas and familiarity with JavaScript further complement my skills, positioning me well to thrive in the role at Roku. I am on track to graduate in December 2024, ensuring a long-term commitment to the position.
