Curai Health
San Francisco, California

March 20, 2024

Dear Hiring Manager,

I am writing to express my interest in the AI Data Engineering Intern position at Curai Health as advertised. With a strong foundation in computer science and a keen interest in leveraging AI technology to enhance healthcare experiences, I am excited about the opportunity to contribute to Curai Health's innovative approach to virtual primary care.

My academic background in computer science, combined with hands-on experience in working with distributed compute and managing large datasets, aligns well with the requirements outlined for the role. I have a solid understanding of data structures, algorithms, and software engineering principles, which I believe are essential for designing and implementing scalable data pipelines, supporting ML system evaluation, and contributing to technical decision-making.

Having a growth mindset, enjoying problem-solving in a data-driven manner, and thriving in ambiguous situations are qualities that I possess and have successfully demonstrated in my academic projects and internships. I am particularly enthusiastic about the opportunity to collaborate with a team of experienced engineers at Curai Health to shape the future of data pipelines effectively.

Moreover, my strong communication skills, honed through various team projects and presentations, will enable me to effectively engage with the AI and engineering teams at Curai Health. I am excited about the possibility of gaining hands-on experience in optimizing data pipelines and contributing to impactful AI/automation technologies that directly enhance patient care quality.

Thank you for considering my application. I am eager to bring my technical expertise, passion for AI-driven healthcare solutions, and dedication to improving patient outcomes to the AI Data Engineering Intern role at Curai Health. I am looking forward to the opportunity to discuss how my background, skills, and aspirations align with the vision and goals of Curai Health.
