Chime
San Francisco, California

March 20, 2024

Dear Hiring Manager,

I am writing to express my strong interest in the Intern position at Chime's Funding Habits team, as advertised. Currently pursuing a Bachelor's degree in Artificial Intelligence at Long Island University, I have developed a solid foundation in relevant subjects such as Machine Learning, Deep Learning, and Software Engineering, achieving a Cumulative GPA of 3.88/4.00.

With a passion for consumer FinTech and a drive to dive into the deepest levels of technology, I am excited about the opportunity to apply my knowledge and skills in a real-world setting at Chime. The chance to work alongside experienced engineers in designing, developing, and scaling systems aligns perfectly with my career aspirations.

During my academic journey, I have undertaken projects that involved translating complex mathematical concepts into practical solutions, showcasing my ability to analyze and solve real-world problems. The responsibilities outlined, such as participating in the full software development lifecycle, collaborating with cross-functional teams, and learning new technologies, resonate with my experiences and aspirations.

I am confident that my strong analytical skills, passion for learning, and adaptability make me a suitable candidate for this role at Chime. I am eager to contribute to Chime's mission of providing financial peace of mind through innovative solutions. Thank you for considering my application.
