Hewlett Packard Inc.  
Palo Alto, California

March 20, 2024

Dear Hiring Manager,

I am writing to express my interest in the Artificial Intelligence Engineering Intern position at Hewlett Packard Inc., as advertised. With a strong background in Computer Science and valuable skills in ChatGPT, Generative AI, Java, Python, and experience with AWS and Databricks, I am excited about the opportunity to contribute to your Inkjet Technology division.

During my academic journey at a four-year college, I have delved deep into AI-related projects and completed market analysis tasks similar to those outlined in the job responsibilities. My experiences have equipped me to identify key pain points in the adoption of AI in the office environment and propose practical solutions.

Moreover, my passion for innovation and my commitment to pushing the boundaries of technology align well with Hewlett Packard's vision of engineering experiences that amaze. I am eager to bring my fresh ideas and skills to your team, contributing to the development and integration of cutting-edge AI technologies into printing systems.

Thank you for considering my application. I am enthusiastic about the opportunity to apply my knowledge and skills at Hewlett Packard Inc., and I am looking forward to the possibility of contributing to your team.
