Truveta
Greater Seattle Area

March 20, 2024

Dear Hiring Manager,

I am writing to express my interest in the Undergraduate Engineering Internship position at Truveta. Currently pursuing a Bachelor's degree in Artificial Intelligence at Long Island University, with a strong foundation in machine learning, deep learning, and software engineering, I am excited about the opportunity to apply my technical skills in a real-world health solutions-oriented environment like Truveta.

With experiences such as orchestrating an AI Research Assistant and developing Convolutional Neural Networks for image classification, I have honed my abilities in data analytics and machine learning, aligning well with Truveta's mission to enable researchers to find cures faster and empower clinicians with data-driven insights. My collaborative projects, including computer vision applications, have equipped me to tackle complex challenges effectively.

I meet the specified requirements for the role, being proficient in programming languages like Python and Java, with a demonstrated skill in time management and completing projects in a collaborative environment. My background in AI research and hands-on projects reflects my ability to contribute meaningfully to Truveta's innovative initiatives.

Truveta's commitment to innovation and impactful solutions resonates with my aspirations, and I am eager to bring my technical expertise to your dynamic team. I am enthusiastic about the opportunity to contribute to Truveta's mission of revolutionizing healthcare through data-driven solutions.
