Identifeye Health Inc.
San Francisco, California

March 19, 2024

Dear Hiring Manager,

I am writing to express my strong interest in joining Identifeye Health Inc. as an intern. Currently pursuing a Bachelor's degree in Artificial Intelligence, with a focus on machine learning, deep learning, and software engineering at Long Island University, I am excited about the opportunity to contribute to a company pioneering non-invasive diagnostic platforms.

Identifeye Health's commitment to democratizing healthcare resonates with my passion for using technology to make a positive impact. I am particularly drawn to the mission of providing affordable and convenient access to healthcare through innovative solutions.

With experience as an AI Research Assistant, developing CNN models, and working on computer vision projects, I am well-equipped to implement new features, participate in the code review process, and evaluate software solutions, as outlined in the internship responsibilities.

I am eager to bring my technical skills, collaborative spirit, and passion for healthcare technology to the Internship Program at Identifeye Health. I look forward to the opportunity to discuss how I can contribute to your innovative projects and learn from your esteemed team.
