Schonfeld Strategic Advisors
New York, New York

March 20, 2024

Dear Hiring Manager,

I am writing to express my enthusiastic interest in the internship opportunity at Schonfeld Strategic Advisors. As a dedicated student pursuing a bachelor's degree in computational finance, with a solid foundation in computer science and data analytics, I am excited about the prospect of joining a renowned company dedicated to financial independence and innovation.

My academic journey and hands-on projects, such as optimizing algorithms and modeling for complex systems, have honed my analytical mindset and problem-solving abilities. This experience, combined with my proficiency in programming languages like Python and Java, aligns well with the technical and collaborative environment at Schonfeld.

I am particularly drawn to the opportunity to develop business critical software for the Treasury desk at Schonfeld, leveraging my technical skills to contribute to valuable projects. My interest in investing and markets, coupled with a strong foundation in computational finance, positions me well to understand the daily flow and activity of the desk and enhance its efficiency.

I am confident that my academic background and passion for finance make me a suitable candidate for this internship. I am excited about the prospect of working alongside talented professionals at Schonfeld and contributing to high-profile projects.

Thank you for considering my application. I look forward to the possibility of discussing how I can contribute to Schonfeld Strategic Advisors.
