Shark Ninja Robotics
Needham, Massachusetts

March 20, 2024

Dear Hiring Manager,

I am writing to express my enthusiastic interest in the Software Development Engineer in Test position at Shark Ninja Robotics. With a strong foundation in Artificial Intelligence and hands-on experience in developing and implementing AI solutions, I am excited about the opportunity to merge my technical skills with the intricate dynamics of robotic products testing at your esteemed company.

My academic background at Long Island University, where I have excelled in courses such as Machine Learning, Data Mining, and Software Engineering, has equipped me with a solid understanding of the technologies relevant to this role. Additionally, my projects, such as the AI Research Assistant using multi-agent systems and developing CNN models in PyTorch, demonstrate my proficiency in automation and software testing.

I am particularly drawn to Shark Ninja Robotics' commitment to innovation and customer satisfaction. The responsibilities outlined for this role, from reviewing product requirements to developing automated test scripts, resonate with my experience and aspirations in the field of software engineering and AI testing.
