NVIDIA Corporation
Santa Clara, California

March 20, 2024

Dear Hiring Manager,

I am writing to express my interest in the Hardware Engineering internship position at NVIDIA, as advertised. With a strong background in mechanical engineering and a passion for working with multi-disciplinary teams, I am excited about the opportunity to contribute to NVIDIA's innovative projects.

Having pursued a Bachelor's degree in Mechanical Engineering, I have gained practical experience in system validation, hardware testing, and validation of new products – skills that directly align with the responsibilities outlined for the internship. My proficiency in programming languages such as Python and expertise in C A D software make me well-equipped to engage in the development of next-generation products at NVIDIA.

I am particularly drawn to the collaborative environment at NVIDIA, where I believe I can leverage my academic background and interpersonal skills to excel in system validation, hardware design, and researching new materials to enhance product performance.

I am enthusiastic about the opportunity to contribute to NVIDIA's culture of innovation and excellence. Thank you for considering my application. I look forward to the possibility of discussing how my skills and experiences can benefit NVIDIA's Hardware Engineering team.
