Leidos  
Reston, Virginia

March 20, 2024

Dear Hiring Manager,

I am writing to express my interest in the Software Engineering Intern position at Leidos, particularly within the ISRMEP/PED Systems Division. Currently pursuing a Bachelor's degree in Computer Science, with a rising senior class standing and a graduation year of 2025, I am eager to contribute my skills and enthusiasm to your team.

With a strong background in computer programming languages such as C++, Java, and Python, I am well-equipped to assist in the design, development, and maintenance of mission-critical software for national defense systems. My hands-on experience in software design, as well as my active pursuit of knowledge in state-of-the-art programming techniques, aligns well with the responsibilities outlined for the internship at Leidos.

Furthermore, my passion for innovation and continuous learning makes me excited about the opportunity to contribute to investments and research that drive technological advancements within the defense industry. I am confident that my proficiency in software development and my commitment to staying abreast of industry trends make me a suitable candidate for this role.

Thank you for considering my application. I am looking forward to the possibility of contributing to the impactful work at Leidos.
