Roku
San Jose, California

March 20, 2024

Dear Hiring Manager,

I am writing to express my enthusiasm for the opportunity to join Roku as a Software Engineer, as advertised. With a solid educational background in Computer Science, ongoing at present, and a keen interest in embedded systems and automation, I am excited about the prospect of contributing to Roku's innovative work environment.

My experiences align closely with the requirements for the role, including my proficiency in Python, C/C++, and Gitlab for build, test, and automation. I have also worked on projects involving embedded platforms during my studies, providing me with the necessary skills to excel in developing automated test software for remotes at Roku.

Furthermore, I am eager to collaborate with senior software engineers at Roku, bringing my technical skills and proactive approach to enhancing testing processes. I believe that my ability to translate complex technical concepts into practical solutions, coupled with my dedication to quality assurance, make me a suitable fit for this position.
