Roku
San Jose, California

March 20, 2024

Dear Hiring Manager,

I am writing to express my enthusiastic interest in the Software Engineering Internship position at Roku, as advertised. With a strong academic background in computer science and hands-on experience in software development, I am excited about the opportunity to contribute to Roku's mission of revolutionizing the TV streaming platform.

I am currently pursuing a Bachelor's degree in Computer Science and am deeply passionate about software development. My involvement in various coding projects, both academically and non-academically, has equipped me with a solid understanding of software development principles and proficiency in programming languages such as Python, Java, and JavaScript.

Moreover, my active participation in hack-a-thons, personal projects on GitHub, and volunteer coding experiences has not only honed my technical skills but also instilled in me a deep curiosity to stay ahead of emerging tech trends. I am aligned with Roku's innovative spirit and commitment to enhancing the TV streaming experience for users worldwide.

I am particularly drawn to the diverse internship possibilities at Roku, especially in areas like Test Engineering and Mobile development. The opportunity to work in a fast-paced environment alongside a team of innovators resonates with my aspirations to make a meaningful impact in the technology industry.

Thank you for considering my application. I am eager to bring my blend of academic knowledge, practical experience, and passion for software development to the dynamic team at Roku. I look forward to the possibility of contributing to Roku's continued success and growth.
