Rivian
Irvine, California

March 19, 2024

Dear Hiring Manager,

I am writing to express my interest in the Data Engineering Intern position at Rivian as advertised. With a solid academic background and practical experience in data science and engineering, I am excited about the opportunity to contribute to Rivian's mission of innovation and sustainability.

During my studies at the University of Illinois Urbana Champaign, pursuing a degree in [Adem's degree subject], I have gained significant expertise in programming with Python and SQL, as well as working with relational databases and statistics. Additionally, I have hands-on experience with Big Data technologies like [mention any relevant technology you have experience with], which I believe align well with the requirements of the internship role at Rivian.

My passion for utilizing data to drive strategic decisions aligns perfectly with the responsibilities outlined for the internship. I am eager to identify and develop use cases, create data collection frameworks, and build intuitive dashboards to present complex information to stakeholders effectively.

I am confident that my academic background, technical skills, and enthusiasm for data analytics make me a strong candidate for this internship position at Rivian. I am looking forward to the opportunity to contribute to Rivian's mission and learn from the talented team at Rivian. Thank you for considering my application.
