Marco Technologies
St. Cloud, Minnesota

March 19, 2024

Dear Hiring Manager,

I am writing to express my enthusiasm for the Data Analyst Intern position at Marco Technologies, a renowned technology services provider with a strong commitment to customer-centric solutions and innovative technology. Currently pursuing a Bachelor's degree in Artificial Intelligence at Long Island University Brooklyn, with a cumulative GPA of 3.88, and a solid foundation in machine learning, deep learning, and data analysis, I am excited about the opportunity to contribute to Marco Technologies.

My experiences as an AI Research Assistant and my projects such as developing PyTorch CNN for MNIST and creating computer vision models using TensorFlow have equipped me with the skills to gather, clean, and analyze data efficiently. I have a proven ability to build key metrics and communicate insights effectively, which aligns with the responsibilities outlined for the Data Analyst Intern role at Marco Technologies.
